

# ALFA ILERO'S LETTER TO HAMZAT ORIYOMI

In the name of Allah, the Beneficient, the Merciful.

Friday 8/05/2020

FROM ALLAH: WARNING TO ALL THE PEOPLE HAVING HORRIBLE THOUGHTS ABOUT ALLAH'S EVANGELISM WITH KHALIFA

1. I heard the voice of Allah saying, 'We never can tell if anyone of you is being asked about the initiator of this cause (Allah's evangelism), ensure you provide the facts that He's Allah (SWT), the Conqueror, the Mighty, the one with a gigantic Kingdom, the one who's Self-contained, the Unseen, the King who has never left His throne since I established this world, the Indescribable, the Creator of all things, the Eternal one.' I suddenly woke up!
2. I heard the voice of Allah telling me, 'Whoever wants to wage war against Ilero, who'll not allow him practise my religion, I'll destroy them with trials and tribulations.' And I woke up!
3. I heard the voice of Allah saying, 'Ilero, you must not get angry, because if you're angry, I could destroy the whole world as you're much-loved by me, Allah.' I woke up again!
4. The voice of Allah came to me, 'For this my cause which I've entrusted to you: Ilero, you're still the reason why I am favouring the world by not destroying them and this is how this chosen cause will continue until the Day of Judgement.' I opened my eyes!
5. I heard the voice of Allah saying, 'The love I (Allah) have for you Ilero cannot be quantified with anything. I'm happy with you. With the way I'm happy with you, I'm favouring the world because of you. I, (Allah), swear with my name, though I'm angry with the world, I'm still protecting them because of you. If not for that, this world could have been destroyed.' And I opened my eyes!
6. I heard the voice of Allah saying, 'I'm happy with you oh Ilero! I'm happy with you oh Ilero! Because I'm happy with you, I'm protecting the world. Whoever now thinks this shouldn't be, that person will lose in this world and in the hereafter.' That was how I opened my eyes!
7. I heard the voice of Allah talking to me, 'My immense pleasure is with you, my happiness rains on you everytime nonstop. If not for my pleasure with you, I, Allah could have used stone to destroy the entire

world. But I'm reluctant to do this because of my great happiness with you and the job I've entrusted to you.' That was how I opened my eyes!

8. I heard Allah saying, 'Oh Ilero! Your troubles are now Allah's. Also, your wrath is now His. Who'll now want Allah's wrath on their head? There's none except he vanishes.' That was how I opened my eyes!

9. I saw someone in my dream saying, 'I swear by Allah's (SWT) name, I swear by Allah's name the second time, Allah is saying in the sky that He'll destroy all the existing works on earth, except the work He Allah created himself. He'll wipe out all the religions and there's no one born of man who can question Him.' That was how I opened my eyes!

10. I heard a voice saying to me Ilero, 'Whoever you're angry with will never escape the anger of Allah until you forgive that person again. When you forgive them, they'll also earn Allah's forgiveness. Or else, the person will have my anger (Allah) till eternity.' That was how I opened my eyes!

11. I heard the voice of Allah saying to me, 'You don't know how much I love this cause, if you ever get to know how much I love this cause, if you get to know of this, even for a second, you wouldn't want to leave the space of my cause. I have been saying that whatever I'm happy with is what should excite you because that is where my blessings upon you lie and there's nothing I'll ever be happy with except my cause. This cause (my work) is what I'm considering, there's nothing else I'm looking at except this evangelism. If I've not established this, I would have got rid of the whole world because this cause radiates illumination to the four cardinal directions of the world that I created. This faithful evangelism is why I'm merciful to all creatures.' That was how I opened my eyes!

12. I heard the voice of Allah saying, 'There was supposed to be a spectacular rain of anger, but due to the plea you made for humans which reached me at the seventh floor of the heaven, I've reduced its heaviness. I'll not make it fall like I'd planned before. I'm doing this because of the love I've got for you, for the real love I have for you, because if I don't love you, I wouldn't have accepted the plea. There are many people on earth who are praying to me (Allah) but not even a blink at their prayers. However, with my grace, strength, it'll be normal rain.'

13. Allah told me, 'I want to make a rain of anger fall on earth. However, I've removed all the plague that'll come with this rain from my established evangelism, only my abode has been promised safety of this plague (Gambari Village), no other place. This type of rain will be calamitous to humans and animals as this is the year of my annihilation. Through my anger is the "mukamo Rabbi". Any street where "mukamo Rabbi" That was how I opened my eyes!

14. I heard the voice of Allah talking to me, 'Wherever you set your gaze is my direction, I can see you, but you cannot see Me. Sooner or later, you shall see me with your two eyes. However, I swear with my name, your foes shall never see me on that day because they're no longer abusing you but Me, Allah-the Mighty King.' That was how I opened my eyes!

15. I heard Allah talking to me, 'Don't you know I've made you popular on earth? I have been uplifting you while downgrading constituted authorities. Hear oh Khaliifa! I am different from any government, I am the president, lawyer, governor, only me posses all these.' That was how I opened my eyes!

16. I heard the voice of Allah saying, 'Have you forgotten the holy pilgrimage that I Allah promised you? I am on the verge of prohibiting pictures from earth, when I've prohibited pictures from earth, you and your over forty wives will now embark on the journey to Makkah.' And I woke up!

17. Allah talked to me, 'I (Allah), am on the verge of destroying all hospitals. So, everybody should apply caution so as not to meet that period because it won't be long.' And I woke up again!

18. I heard Allah's voice saying, 'Will it not surprise you that I'll soon destroy all hospitals? I don't want hospitals on my land anymore, I've had enough! I also want you to know that the day I'll destroy all hospitals on earth will be on a Friday before everyone performs Friday prayer.' That was how I opened my eyes!

19. I heard a voice from Allah saying, 'People have forgotten my promise of destroying all hospitals on earth on a Friday. Even if they forget, I'll never forget because it's my promise. Everyone should be calm on this matter. Who knows the specific Friday I plan to destroy all hospitals on the land that I Allah created? I can do whatever pleases me with the earth and no one will question me. Do these people not fear? Humans' faults are inclusive of why I want to destroy many things. I'll destroy it, tell the whole world! Yours is to tell while hearing is solely with me Allah (SWT). This world is rotten; it's either people accept Allah's words with ease or force.' That was how I opened my eyes!

20. I heard the voice of Allah talking to me, 'Concerning the disastrous rain that'll fall on earth, I Allah will never scare you concerning my cause. You, Ilero should put your mind at rest.' I woke up!

21. I heard the voice of Allah saying, 'Those who are disobedient to my words abound in this world. In fact, they don't have the idea that I live in the sky.' And I woke up again!

22. The voice of Allah came to me saying, 'I, (Allah), am very big in wealth and there's no one who can describe me. Who is my doppelganger among you? Who can say he's like Me among you? I'll instruct my angels to put him out like a candle.' That was how I opened my eyes!

23. The voice of Allah came to me saying, 'Very soon, I'll give the world to you oh Khalifa Ilero, I'll give you in totality. Don't you realize you're the Khalifa of the whole world? If you don't know, I, Allah, have chosen you as my Khalifa and there's no one who'll rob you of this position till eternity.' And I opened my eyes!

24. Allah talked to me again, 'The promise I made with you Khalifa cannot be taken away by human, or any of my angels nor jinns as many as they are. Even I, Allah can never take it from you again because I've made a pledge to you.' That was how I opened my eyes!

25. I heard the voice of Allah saying, 'Keep on observing how I care for you. None of my creatures has the power to propagate my truthful cause except you. This cause established by me is the best. Come to my territory oh you Khalifa to start constituting your authority.' I woke up!

26. The voice of Allah came to me clearly, 'Do they think they have might over the sky? If , Allah, wants it to descend on them, how many minutes will it take? What can any human do to me? Interestingly, the similitude of that sky is even too far. Ordinary mountains, I can decide to uproot them and make them fall on people in which no one will ever ask me about it.' That was how I opened my eyes!

27. I heard the voice of Allah saying, 'I am reserving their punishments, I'll never forgive them. I am reserving these punishments until the day of shame when they'll see all their deeds and nothing will reduce these agonies for them. However, my cause which I'm monitoring every second is this established truth and no evil shall ever touch it.' And I woke up!

To: Mr Oriyomi Hamzat,

32 FM, Ibadan.

Dear Sir,

As salamu alaykum warahmatullahi wabarakatuh. I commend you for the voluntary services you're doing. May God continue to be with you, amen. Please, I want to bring your notice to a particular show you did with Muideen Oriyomi who has been talking gibberish about the cause of Allah established for me-God's favourite on earth. I am the Khalifa of the whole world that God singled out from Gambari village, Ibadan just for this special job.

First off, I want you to know that Mr Muideen Oriyomi wants to implicate you with his carelessness with all he has been spewing forth. Nevertheless, it'll excite me if you could conduct investigation before judging by a one-sided story.

The Holy Qur'an says it's better to conduct investigation anytime we hear anything about anyone to avoid transgressing (Suratul Hujurat Verse 6).

That said, I have three pieces of worthy advice for you. They are:

- I want you to see me before next Thursday, 21st of May 2020.
  - I want you to inform people on the internet that Muideen Oriyomi has been lying.
  - Finally, I want you to bring ₦2,000,000 (two million naira) for charity in my village, Onigambari.
- God will make it easy for you to do all these. Thank you very much.  
I am Khalifa Najmudeen.
